Rule Book Change Synopsis 2004 Edition 8.1

The major changes in the 2004 8.1 Edition were the complete rewrite of Chapters II and IV. In particular, some Champion and Driven classes were changed, Driven classes were allowed authenticity exceptions and a new Special Division was added. The remaining chapters were edited to reflect the Chapter II and IV changes. A small change in Chapter III modified the recommended use of JCNA Judging Guides.

Appendix B, Tires and Wheels, was reformatted and updated, eliminating the "not for use in judging" caveat. A new Appendix C listed Official Publications for Documenting Authenticity.

Chapters I, III, V, and VI need not be replaced by holders of Edition 8 if they are well aware of the changes in Chapters II and IV and the minor change in Chapter III.
