Jaguar Car Club members are invited to participate in the Jaguar Car Clubs of North America (JCNA) Slalom running the famous JCNA "peanut" course. This is a compact course and will be set up on an area of good asphalt adjacent to the main circuit. To make this a more social event and with the assistance of the Victoria MG Club, we have made the event also open to non-Jaguar marques.

The event is well organized with driver safety paramount and relies on experienced club volunteers to assist with vehicle checks, driver briefings and are there to offer guidance to novices.

Helmets will be worn and if you do not have one, we will have helmets available. If you have a helmet, be sure it complies with VIMC rules as follows:-

- BS 6658-85 TYPE A/FR with all amendments (Great Britain)
