

The Evergreen Historic Automobiles Tour

If you fancy old cars, you're going to love the Evergreen. The owner, Steve Plaster, will give us a personal tour of his facility. Steve owns Passport Transportation, I'm sure you have all seen his trucks. Steve buys, sells, and trades every day. Even if you have been to the Evergreen before, this visit will contain different vehicles.

You will see 300-400 cars in several interconnected buildings. He employs a restoration staff including one person who is charged with starting the cars. Yes, they all run! And they are all for sale, except one.

Join the Horseless Carriage Club of MO on Saturday April 13th for the Evergreen Experience. Lunch in the Dogwood Room and personal tour is \$40 per person. Mr. Plaster won't allow individuals to tour, only groups.
