Shifting Gears: **President's Perspective** **Stu Benson**

JCOP is in “full rev mode” with activities and events.

The JCOP Veterans Show on Saturday, June 15 at the Southwestern Veterans' Center near the Highland Park area of Pittsburgh was a smash hit with JCOP partnering with Steel Town Corvette Club. We enjoyed gorgeous weather and had a great turnout, with about forty beautiful cars including 18 Corvettes and 24 STCC members and a large number of Jaguars and JCOP members spanning different vintages. We also welcomed some other marques including a number of Bentleys and Dave Gamret's always popular Lamborghini. It was a great outreach event for the disabled veterans so please see the article about the show in this edition of Jaguar Jargon.

Ruth and I traveled to attend the Philadelphia Concours d'Elegance the weekend of June 22-23, 2024. While not a JCNA-sanctioned event, this is a charitable fundraiser for Cool Cars for Kids and Children's Hospital of Philadelphia at the Simeone Foundation Museum where funds are raised to benefit research and treatment for children born with genetic de-

fects, which we were told occurs at least once every 33 births. On Saturday evening there was a Gala Dinner (which was a lower key event than the name implies) where Ruth and I were invited by Anthony Tinari of the Delaware Valley Jaguar Club to sit with his group of invitees at their table. The DVJC was one of the sponsors of the weekend fundraiser and with Jaguar being the “Marque of the Year” and so many spectacular Jaguars having been brought by owners to the Simeone Museum, it was most impressive. Even JNCA immediate Past-President John Boswell brought his '38 Jaguar SS and I have to add that Tony's impeccable '61 Mark 3 was one of the cars invited to park inside the Museum where the tables were set up around the cars. When one can be next to two original “C-Types” and an original “D-Type” racers, it is impressive but so are the cars of the Simeone Museum, one of the “destination must-see car museums” in the United States for sure.

On Saturday morning a lot more cars came with some showing inside the museum where the dinner tables had been erected the previous night but most were parked outside in a Concours judging area along with a separate Jaguar Field of Honor devoted to special Jaguars, of which they were all top notch. With the temperature being almost 100 degrees and the traffic situation in Philly being not the best even early on a Saturday morning, there was more than one registered vintage Jaguar that could not make the trip to the Simeone Museum due to a fear of

overheating in stop-and-go traffic. But that can be the price of originality. I drove my '13 XJL and while I paid to park it in the Concours area, that was for the purpose of a charitable donation and was not for judging but my car did receive a number of compliments even after having been driven across the state and through some rain.

Shifting Gears: **President's Perspective** **Stu Benson**

And upon arriving back home late on Sunday, I found that I my JCNA pewter Concours award plate had finally arrived in my mail from 2023's JCNA Concours year!

As shared last month, the Pittsburgh Vintage Grand Prix Motorsports Festival includes weeks of events in July & August and that includes the part of the International Car Show on the golf course at Schenley Park that is "British Car Day" and managed by our friends at the Western Pennsylvania Triumph Association. The British show occurs on Saturday, August 3, 2024 and registration costs \$40 if accomplished before July 12. So NOW is the time to get registered if you have not done so. For those not intending to go to the August 3 International Car Show at Schenley Park, the Jaguar Club of Ohio is having their annual Concours that same day on the lawn at Ursuline College near Cleveland; it is a really lovely place and great event. I have conveyed to the JCO President, Dominic Perri, that I would share this information with all of you and include the JCO Concours registration form with this edition of the July Jaguar Jargon. There is also a European Car Show on the adjoining lawn that day. (Stop the Presses: I just received my July-August Jaguar Journal in the mail from JCNA and the Member Spotlight article on pages 42-43 features our friends Dominic and Irene Perri; this is a must-read for all).

The Ashton Commons Senior Living Car Show on Saturday, June 29 ended up getting postponed by Ashton Commons due to the long-range forecast of severe weather (the weather ended up fine that day but they had to make the call a couple days ahead due to many "moving parts"). Steel Town Corvette Club is the leading organizer of arranging for car clubs to be in attendance and having invited JCOP to attend, they let us know ahead of time that the show has been rescheduled for Sunday, August 25 and JCOP members continue to be invited. Some of us, however, have already committed to be at the Bentley Pittsburgh Invitational on Sunday, August 25 (this is a charitable fund-raiser for the PVGP) and Jason Moka is still welcoming appropriate Jaguars to participate and if you are interested in more information, please contact me to discuss. But the rest of you can now go to Ashton Commons and enjoy another outreach effort for senior citizens and once you enjoy their hospitality at this beautiful facility you will not be able to say there is no such thing as a free lunch.

Of course, our JCOP Sewickley Car Show for Exceptional Vehicles is coming up on Saturday, August 10, 2024 on Broad Street in Sewickley so get registered as soon as you can, please, per the materials in both this edition of the Jargon as well as June's edition. If you have any questions, contact Chuck Pipich (or me). And then Jaguars at Jacksons on August 24 is always a big hit (and excellent dinner!) and that is a command performance evening of enjoyment with your Jaguar and fellow members.

There is more, much more, to come in September (including our own JCOP Concours d'Elegance on Saturday, Sept. 14 at Fox Chapel Yacht Club) and October. Zoom, Zoom, GRRROWWWLL.

Steel Town Corvette Club is once again going to help organize and assist with Ashton Commons Assisted Living and Memory Care 2nd Annual Car Show on **Sunday, Aug. 25 from 10 a.m.-2 p.m.** located at 551 Cooper Street. Wexford. PA 15090.

We have invited the Jaguar Club of Pittsburgh, Pittsburgh Cars Club, North Hills Antique Car Club, PACE Camaro Club, and Three Rivers Corvette Club to participate with us. Ashton Commons is holding this Car Show to support a fund raiser for the Alzheimers' Association. Come out and support this fund raiser so their residents can enjoy all of our vehicles like they did last year. At the show there will be food trucks, Brusters Ice Cream Truck, a DJ playing Oldies, a Chinese Auction, Bake Sale, and a 50/50 drawing. Come and join the fun while we have a chance to help the residents have a good day outside in the sun enjoying all our cars, interacting with us, telling them about our cars and our club.

Thanks for participating.

a “Display of Exceptional Automobiles”

In order to have a more sustainable Concours, the following changes will be in effect for the 2024 show on Saturday, September 14 at the Fox Chapel Yacht Club:

1. Lunch, one menu item and a soft drink, will be provided to all judges, scorekeepers and helpers only. All show participants are encouraged to have lunch at Baja Bar & Grill at the Yacht Club, but please let the wait staff know you will be paying for your own meal.
2. There will be no day of show registration. The last day to register for the show is September 8th. Your registration form must be received by the registrar on or before this date. Please mail early!
3. If it appears that there will be too many cars in one class or if there will be too many cars for the available judges to successfully complete, the chief judge will close registration early and return registration forms and the check to you. So please complete and mail in your registration forms, both the registration and insurance form, along with your check to assure you will be able to attend this year's Concours.

Report on Southwestern Veterans' Center Car show June 15

By Stu Benson and Tom Nuhfer

The Southwestern Veterans' Center requested that a car show be held to engage the disabled veterans at the Southwestern Veterans' Center. The Jaguar Club of Pittsburgh (JCOP) had sponsored such a car show for the past few years and in 2023, a number of Steel Town Corvette Club members were able to also attend per the involvement of Stu Benson, who belongs to both clubs. Feedback from that event encouraged JCOP to invite STCC to become a full partner for this year's show and STCC agreed to do so and Saturday, June 15, 2024 turned out to be a spectacular day in many ways.

A turnout of almost forty cars was enjoyed on a most gorgeous day of sunshine to show support for the disabled veterans and the appreciation we all have for the service to our country provided by all veterans (of which some are STCC and JCOP members). JCOP members brought many Jaguars and other marques, some of which were British (two Bentleys for example), Dave Gamret brought his Lamborghini, and JCOP members encouraged other friends to turn out with cars like the gorgeous 1967 Pontiac GT0 from a friend of Fred Segal.

Twenty four STCC members, bringing at least 18 Corvettes (your President, a member of both clubs, brought his 1968 Jaguar E-Type this year since at least one of those models was needed on site but John Putzier – who is also a member of both clubs – brought his gorgeous orange Corvette) turned out. There was a really nice selection of gorgeous cars. More importantly, there were smiles all around and interaction with a large number of disabled veterans – both men and women, along with attendants for many of them – who were able to come outside of their residence and not only view the cars but interact with all of the owners. It would not be an understatement to say that *everyone* was very moved emotionally by the experience and felt a great sense of satisfaction and appreciation that JCOP and STCC had made the commitment – financially and logistically – to attend *en mass*. Without a doubt, the STCC turnout helped ensure there was a successful show.

Report on Southwestern Veterans' Center Car show June 15

This four-hour event, with one highlight being the arrival of so many of the STCC cars in a parade line which could be heard rumbling a quarter of a mile away as they came up Highland Drive to the Southwestern Veterans' Center, provided the disabled veterans a view of a range of remarkable cars and an opportunity to meet and talk with the car owners. Most of the veterans were in wheelchairs or were using walkers and many required volunteer aides to help them navigate and view the show. The veterans appreciated the span of years represented by the cars, and many of the vets fondly remembered and talked about the cars that they have owned throughout those years or enjoyed with their friends.

This Veterans Car Show gave the two clubs an opportunity to show the disabled Veterans that they are not forgotten as well as providing an opportunity for Corvette and Jaguar and other owners to "talk cars" and see and compare vehicles up close while providing a true "outreach" effort to benefit others not as fortunate as we. While Jimmy Johns delayed our lunch order due to their snafu, everyone persevered and ultimately lunch was enjoyed in a lovely outdoor, shaded courtyard with plantings that was on the other side of the Southwestern Veterans' Center from the parking lot but had to be accessed through the building. The facility, which is like a nursing home for veterans, is operated by the Commonwealth of PA Department of Military and Veterans Affairs. The facility was constructed in 1997 and holds 236 beds and employs 333 Clinical and Professional staff with many volunteers devoting thousands of hours every year.

Everyone present shared that they wanted to commit to reprise this show next year with at least STCC and JCOP and we will learn lessons and look forward to hoping to have a great 2025 experience that can be even better. STCC provided the veterans with cut metal STCC logo "tags" that were made by one of the STCC members laser cutting steel dies and Dave Seibel of STCC (the Activities Chair of STCC) laminated the ornaments to reduce the chance of any veteran suffering a cut on their skin. The swag was appreciated by the vets for sure. Tom Nuhfer from JCOP was the overall Chair of the event. Thank you to all the members who

turned out and interacted with the veterans and staff and volunteers from the Southwestern Veterans' Center and other car owners.

Jaguar Mk2 restoration – Part 7

By Craig Gestler

It's hard to believe that I was complaining about how cold it was in my garage just a few months ago. While it may be 90 degrees outside, its probably 100 inside the garage on the hottest days and just like the cold days, not a lot happened.

I have turned my focus to the bling. A 1966 Jaguar Mk2 has plenty of chrome and that has been my focus over the last few weeks. I also keep a punch list of things that I need to either finish or correct and that list is getting pretty short.

The original chrome trim is not in the best condition and no amount of polishing is going to remove pitting or heavy scratches. Years ago I purchased a complete kit from SNG Barratt which includes no fewer than 20 pieces plus a multitude of different clips to hold the pieces in place. I started with the drivers side and quickly learned that the pieces all need a little gentle persuasion to match the contours of the body and that this is best done before snapping the trim over the clips. The rain gutter chrome pieces need a little more than gentle persuasion to snap over the sheet metal and I could not get the rear-most portion to stay attached to the car. As it turns out, the factory dealt with the same issues and used glue to hold them in place so that is exactly what I did. With some pre-bending, tapping with a rubber mallet, glue and clamps, everything is now in place and looks great. As a final touch, I thought I would install the "boot" badges; "Mk 2", "JAGUAR", and "3.8". The badges have studs that go through the holes in the body and are secured with rubber "boots" from the underside. As seems to be the way of things, the rubber boots do not fit over the studs and I was afraid to push

any harder. The badges and the boots came from the same supplier so you would think that they would fit. Just another aftermarket part that does not work correctly.

I am quickly getting to the point where I cannot do much more until the engine goes in, setting aside the interior (which will be a huge job). One item on my punch list is to replace the bracket that secures the steering column where it goes through the fire-wall. The original bracket has a fairly large hole that allows the automatic transmission shifter rod to pass through to the engine compartment. Since I am converting to a manual, I need the version of the bracket that does not have the hole and sourcing that has been a bit of a challenge. This is not available new and a few inquiries to used parts suppliers has yielded lots of "yes.... I'm sure I have one somewhere.... Let me get back to you" and then weeks of silence. It would really be nice to swap that out before the engine is in place since the engine really gets in the way of things. Regardless, I'm going to see if I can coax a friend or two over some evening in the next week or so to install an engine.

Jaguar Mk2 restoration – Part 7

By Craig Gestler

I thought I would provide a little peek behind the curtain regarding the Mk2 and E-Type cookies my amazing wife made for the JCOP picnic. All work was carried out in the Jaguar Mk2 Lab Annex room in our house, which my wife insists is actually called a “kitchen”.

Whatever.....

The cookie cutters are 3D printed and came from Malta. Not Malta, Ohio or Malta, Montana but the actual country of Malta which is somewhere way over there to the right, close to Italy. One of the cookie cutters started coming apart near the end (it is Jaguar shaped, after all) so my wife contacted the seller and suggested that one portion should be beefed up a little to make it more durable. Not a complaint, but a suggestion. The seller shipped two new Jaguar cookie cutters free of charge. If you are ever looking for Jaguar shaped cookie cutters, this guy is highly recommended. Five stars.

I was in charge of the icing color. Wanting to make the cars as authentic as possible, I suggested Opalescent Silver Blue for the Mk2 and Pale Primrose for the E-Type. As it turns out, our nearby Ed and Mark’s Shop ‘n’ Save does not stock Opalescent Silver Blue or Pale Primrose food coloring.

Maybe next time we should take the Jaguar paint codes to the Shop ‘n’ Save and the kid stocking the shelves can help us find it. After much mixing of the colors we did have, a reasonable match was achieved. Regardless of color, they tasted good.

JAGUAR SERVICE PROVIDER DIRECTORY

Did you have some work done on your Jaguar over the winter months and you're really happy with the result? Did you locate some parts for your car that were hard to find? It's time to share your knowledge with your fellow club members. Everyone needs a little help once in a while finding that elusive component or skilled technician. We have a comprehensive Service Directory on our website for just this purpose. Check it out under the "More" tab at: <http://www.jaguarclubofpittsburgh.com/>

Here is a sample entry for a business that rebuilds electrical equipment:

BUSINESS	COMMENTS
ELECTRICAL	
Rubino Electric 126 Main Street New Eagle, PA 15067 724-258-3204 Talk to Richard	<u>12/15/15</u> : Vintage repair shop for electric motors, generators, starters, etc. Very reasonable prices. Dave Gamret

Entries are grouped in categories such as General Parts, General Service, Engine, Body Exterior and Trim, Electrical, etc. as seen above. In order to be included, the supplier must be recommended by a club member who has had a positive experience with that supplier.

To add a supplier to the list, send me the following:

- Name, address, phone number, website (if applicable) and contact person (if applicable)
- Discounts available to club members, if any
- Date the service or parts were received
- Member comments
- Member name

I'll add it to the directory in the above format so other club members can find the supplier, ask for any discounts available, know how old the recommendation is, see specific comments and have a fellow member's name to contact with any further questions.

This can be a great resource if we all share our experiences. I look forward to hearing from you to add to our collective wealth of recommended suppliers.
