The Kolache Festival in Yukon

By: Dick Russ

LaNeal my lovely wife put together a great Saturday event in Yukon for everyone to enjoy. When she said we were first going to watch the Czech group make Kolaches I had no idea what she was talking about except that since it was something good to eat it sounded like something everyone attending would enjoy. Especially with all of us having lunch afterwards at Bad-Brad's Bar-B-Que.

Entrance to Czech Hall.

As we were driving west on Route 66 towards our destination, she explained what a Kolache was and from her description I knew our club would enjoy them. Little did I know the extent of our visit at the Czech bakery.

Everyone arrived right on time and as we walked in the front door Janice and

Aspen were there to make us feel welcome. Janice said she wanted to especially introduce Aspen Hein who was awarded the groups Queen that would be representing the group attending the Czech National Convention up North.

Janice began by showing a dozen or so large tables where the cooked Kolaches were cooling.

Kolaches ready to eat.

She said everyone making the Kolaches were volunteers, and their goal was to prepare 2000 dozen for the Czech festival to be held in Yukon October 5th. She then turned the meeting over to Aspen.

Aspen said they prepare the 25 pounds of flour, plus sugar, milk, butter, and spices for the Kolaches in large mixers, each enough to make at about 40 dozen. Then the flour mixture is prepared and set aside to rise. After an hour, they withdraw several dozen round handfuls of the flour mixture (about the size of a golf ball) and set aside in a warm oven to rise again, which takes about another hour.

Kolache warming oven.

At the end of the second rising the ladies then place them on cooking pans and flatten them out and with a special wooden tool, they compress the center of each for adding the special flavoring mixture. She said they have apple, cherry, pineapple, strawberry, apricot, lemon, poppyseed (which to me looked like blueberries) and cream cheese.

Kolaches being flattened to receive filling.

Filling the Kolaches.

Once the filling is added, each Kolache, they are then baked in a large rotating oven larger than a Pizza oven on special trays.

Janice showing us the large rotating oven.

Finally, when fully baked they are removed from the oven to allow them to cool. The ladies then start brushing the warm Kolaches with warm butter. When reasonably cool they are placed in a monstrous (Quick-Freeze) freezer.

Janice at the door of the freezer.

Included was a tour of the freezer that was as big as large walk-in closet with temperature set to minus 40 degrees; it was cold. During the tour we were allowed to watch the ladies prepare the Kolaches from start to finish.

As mentioned earlier their goal was to prepare 2,000 dozen Kolaches for the festival. Think about that; that is 24,000. We had been promised a sample of whatever flavor we desired. I expected the sample to be a simple bite size. Instead, everyone was given a full size Kolache.

The group getting their fix on a free Kolache sample.

Janice had to point out that these were **not low calorie**, but by that time, who cared. We were told we could buy some to

LaNeal buying kolaches for later.

take home but only a dozen per customer due to the need to maintain the large backlog for the October Celebration.

The samples were large, fresh full size, warm and delicious and to an extent made our Bar-B-Que lunch questionable; but many of us went for lunch anyway. Lunch was still a treat especially with the many different items on their menu to choose from.

All in all, it was a great club get-together and an educational experience as well. Out of curiosity, I did some small research on the Kolache and discovered that in Czechoslovakia, Kolache means “WHEEL”. How fitting for a Jaguar lovers club like ours.

I would like to say that from our tour, LaNeal and I will attend the Czech Celebration October 5 in Yukon. It is now on our must-see list and hope everyone in our club will attend. It sounds like a

fantastic event. So please make a note on your calendar.

Until next time, have a great day.

JULY LADIES LUNCHEON

By LaNeal Russ

We had a very successful luncheon at Charleston’s Restaurant on Friday the 27th. As always, the company was great, the service as well as the food was excellent. The manager stopped by twice to make sure everyone had been properly served.

We had a total of twelve attending and we have decided to get together again in September but the date & location has not been determined, we will keep you advised.

Upcoming Events

Brunch at The Jones Assembly

By Nancy Driver

Brunch (or you can opt for an early lunch) is planned for Saturday, August 17, at The Jones Assembly, 901 West Sheridan Avenue in OKC. We will meet there at their opening time of 10 am in order to be seated and get our food orders promptly. Larry and I enjoyed our first visit there. They have a seasonal menu and had just rotated to summer so everything was very fresh and the mimosa was good.

The Jones Assembly is located in the west end of downtown Oklahoma City. From Interstate 40, take exit 149 and turn north on South Western Avenue. Then turn right on West Sheridan and the restaurant will be just 450 feet on your left. There is some street parking and a \$10 valet service. There is also a parking garage just west of the restaurant for \$5.

Please let Nancy know if you plan to join us by text or call to 405 990-2861, as soon as possible but not later than Sunday, August 11. You can also e-mail to nddriverhill@aol.com, but if you do e-mail, please include the word "brunch" in the subject line so I will be sure to see it. Hope to see you there.

Road Trip to Pawhuska OK.

By Jeff and Lynette Hand

Our COJA event on September 12, 2024 will be a tour of The Immaculate Conception Catholic Church and Lee Drummond's Mercantile in Pawhuska OK. We are currently in the planning stage. Lynette and I have driven the route, noted rest stops, and thought about what survival food goes into the goodie bags. We will

meet 8:30 AM at Braums, 1129 W. Memorial Rd. OKC to leave about 8:45 AM for the 2.5 hour drive to Pawhuska to arrive about 11:00 AM at the Mercantile because Pawhuska is a touristy place, to find a places to park and eat lunch. The one-hour tour of the church starts at 2:00 PM. That is the only time the church provides for a tour.

The Osage built The Immaculate Conception Catholic Church in 1910 that is known for its stained-glass windows featuring American Indians. You won't see that type of subject matter in stained-glass windows anywhere else. The Catholic Church does not allow stained-glass windows depicting living people but some Indian figures in the stained-glass windows were alive when the windows were to be constructed so the Osage first received the needed permission from the Vatican to build the windows. The church was added to the National Registrar in 1979.

The Mercantile has great food but we can't get reservations for a group our size, you can't get reservations at all, so our intent is to beat the crowd by arriving 11:00 AM. Anyone who wishes to eat at The Mercantile is welcome to do so but there may be a 30-45-minute wait. Across the street from the Mercantile is P-Town Pizza also owned by Lee Drummond. We will make reservations there for those that want to eat there.

Following lunch there is shopping at trendy stores and there are other museums to visit before we attend the church tour at 2:00 PM.
